Milton District Hospital Holds Recruitment Fair for Experienced Registered Nurses

MILTON, ON — Halton Healthcare Services (HHS) has immediate openings for experienced registered nurses for the Emergency, ICU, and Operating Room departments at Milton District Hospital (MDH). To help spread the word and fill the vacancies, HHS is hosting a recruitment fair on Wednesday, October 29, 2014 from 6-9 pm in the Classroom at MDH.

"We are looking for experienced nurses not only with the qualifications to work at the Milton District Hospital, but who also share our core values and are dedicated to providing high quality care to our patients," said Janet Skupsky, Chief Operating Officer, MDH. "Nurses attending the recruitment fair will have the opportunity to speak with managers, explore our exciting expansion plans (construction starts next year), and learn why Milton is the best community to live, work, and play."

HHS offers competitive salaries, an outstanding benefits package, career development and education reimbursements. "Milton is a thriving community, why spend hours a day commuting to and from Toronto and surrounding areas, when we can provide you with comparable career opportunities right in your own backyard?" asks Elaine DoRosario, Manager of Talent Solutions for HHS.

No advance registration is necessary and all experienced nurses interested in a career with a growing and expanding health system are welcome to attend. Patient Care Managers will be

on-site to speak to interested individuals and answer questions. Free parking is available.

Those who attend are asked to bring their resume and dress for success. Individuals not able to

attend but interested in the opportunity of joining a dynamic healthcare organization are asked

to call 905-338-4432 ext. 4894 or email their resume to recruitment@haltonhealthcare.on.ca

HHS will begin construction on a 330,000 square foot expansion of MDH in early 2015. The

expansion will triple the size of the current hospital and will focus on increasing the most in-

demand services and facilities at Milton District Hospital, including: emergency services, surgical

services, medical/surgical inpatient units, critical care services, maternal newborn services,

diagnostic imaging and support services.

About Halton Healthcare Services:

HHS is a progressive, multi-site healthcare organization comprised of three community

hospitals - Georgetown Hospital (GH), Milton District Hospital (MDH) and Oakville-Trafalgar

Memorial Hospital (OTMH). Together these hospitals account for nearly 3000 staff and

physicians providing healthcare services to more than 320,000 residents in the communities of

Oakville, Milton and Halton Hills. HHS hospitals have been recognized for their best practices in

a number of patient safety and patient care initiatives. In 2013, HHS was Accredited with

Exemplary Standing - the highest possible status granted by Accreditation Canada.
